## 1. Executive Summary

Some preliminary meetings enabled to deal with and agree the basic project team composition. Then, the relevant focal points at both sites and Parks' Directions levels were already identified and officially appointed for the project purpose. Only the recruitment of the project manager in the field is still underway but in a final stage of discussions after the interview process.

Purchasing process of equipments was initiated after a joint review of the indicative list of items.

The transboundary initiative and existing touristic values in the complex sites were promoted and presented to a large public through an international fair in Senegal.

To promote and take opportunities from some synergy existing between WoW and other projects activities underway in the complex, capacity of some Gambian volunteers from Niimi Park were strengthened in colonial seabirds monitoring techniques. This was done in an activities sharing context through a training session executed for park staff in Saloum under GIRMaC project activities.

However, the project in general is still in a start-up step with its own activities.

### 1.1 Key project achievements during the reporting period

This section highlights important project achievements in the reporting period.

#	Key Project Achievements
1	Project team composition agreed and all the relevant focal points at sites and Parks' Directions levels formally appointed for the project purposes
2	Capacity building in the techniques of colonial seabirds monitoring for volunteers from Niimi Park (Gambia) through an another existing project in the site
3	Communication and awareness actions to promote the complex and the trans-boundary management initiative through a joint Senegal/The Gambia international fair held in Senegal.
4	Common clarifications on the project activities purposes with the sites focal points and some rough actions outlined for the overall workplan.
5	Procurement of essential monitoring equipments has started with purchasing of a boat. Contacts with suppliers are underway for the acquisition of other basic materials like generators, cameras, a second hand vehicle, etc., following the revised and agreed list.

## 1.2 Key issues & proposed solutions

Issues those require the focused attention of the WOW Project Coordination Unit and/or UNOPS.

#	Issue	Proposed Solution	Deadline	Party Responsible
1	Long delay in the effective start of the project activities waiting the recruitment of the project site coordinator.	Amendment on the project's official end date	As soon as possible	PCU
2	International payments on the project avoiding high operational & changes costs	Set-up foreign currency bank account	As soon as possible.	WIAP
3				

## 2. Project Management

The following table highlights issues that affect project performance and achievement of expected outcomes, and describe proposed next steps.

CATEGORY	ISSUES	PROPOSED SOLUTIONS	DEADLINE	PARTY RESPONSIBLE
	Description of issues affecting project performance during the reporting period	Description of decisions / actions to be taken		
Recruitment & management of staff and consultants	Delay in the recruitment of the project field activities coordinator. The process is nevertheless in the final step	Discussions between focal points from two sides (directions) and then at SC level for a final choice between the two best candidates interviewed.	End December	All (mainly DPN & DPWM)
Finance & administration	International payments on the project avoiding high operational & changes costs	Set-up foreign currency bank account		WIAP
Logistics & operations				
Reporting & communication				
Coordination with project partners				
External issues (e.g. difficult access to the project site for political/social/environmental reasons, etc.)				
Other	Delay in the effective start of the activities due to the long time taken by implementing partners to discuss and have agreement on the terms of collaboration convention.	Secure an amendment to postpone the official end date of the project	As soon as possible	PCU

## 2.2 Project Steering Committee (SC)

Use this section to illustrate whether or not the SC is working effectively to support project implementation. Please fill in the following table:

Date of last SC Meeting	
Proposed Date for next SC Meeting	

QUESTION	ANSWER
This Report was reviewed and approved by the Project SC	The report was circulated for amendments within the majors persons who are acting as SC members for the moment
The workplan & budget for next six months was reviewed & approved by the Project SC	Idem as above
The SC is meeting periodically and providing effective direction/inputs?	Communications and meetings when necessary.

The persons below are following the administrative and project start up issues for the moment. It is planned that the SC will include these persons and other organizations and community representatives upon the effective start of activities on the ground:

Name	Title	Email	Phone
Abdoulaye Ndiaye	Chairperson	ablaywet@orange.sn	+221 338206478

## 5. Performance Evaluation

### 5.1 Logical framework

Intervention Logic	Indicators of performance	Means of Verification	Baseline Situation	Status as of	Risks and assumptions
<b>Development Objective</b>					
Conservation and sustainable use of the Saloum-Niumi complex critical site for migratory waterbirds					
<b>Immediate Objective</b>					
<b>Effective trans-boundary cooperation on key management issues, including increased community participation.</b>	<p>Saloum-Niumi Complex legally established as a trans-boundary reserve &amp; Ramsar / AEWA site.</p> <p>A 10% increase of PAMETT scores by the end of the demonstration project.</p>	<p>Trans-boundary agreement, National legislation &amp; international (Ramsar) convention ledgers.</p> <p>PAMETT prepared by park staff.</p>	<p>Agreement signed in June 2001 between the two countries for a trans-boundary management of protected areas.</p> <p>Saloum park already designated as Ramsar site</p> <p>--</p>		Strong commitment by both countries and all involved partners.
<b>Outcomes</b>					
<b>Outcome 1. Park staff cooperating on management and monitoring in the</b>	Joint trans-boundary management plan endorsed and being implemented.	Annual protected area progress reports	Existing separate plans for each of two sites; both under revision		Political stability & bilateral goodwill. The Gambia government agrees to Ramsar ratification.

Intervention Logic	Indicators of performance	Means of Verification	Baseline Situation	Status as of	Risks and assumptions
<b>Saloum-Niumi Complex.</b>	Programme of joint surveillance and bird monitoring work ongoing.	Surveillance reports & bird breeding records.	Daily activities to be reinforced at internal communications level – No joint control process		
<b>Outcome 2. Improved participatory approach to conservation and sustainable use.</b>	Relevant section of PAMETT increases by 5%  Trained staffs remain at the site.  Community <i>ecogardes</i> remain available & willing to participate in joint trans-boundary activities.	Course & post-training evaluations and tests.  Judgement of on-site situation through monitoring missions.  Annual protected area reports	--  --  They are some local <i>ecogardes</i> & ecotourism guides trained in the past but not recognised by government structures		
<b>Outcome 3. Awareness among key groups raised on the importance of trans-boundary cooperation for improved wetland management</b>	TV programmes, number of articles in newspapers, mention of site among high level officials	WIAP to monitor. WOW project progress reports.	Any specific TV programme or articles		Policy-makers remain in power / delegate work.

## 5.2 Protected Areas Management Effectiveness Tracking Tool

QUESTION	ANSWER
Was the PAMETT performed for the Lake Burdur protected area?	YES
Date of first PAMETT:	October 2007
PAMETT performed by:	Moustapha Mbaye (Saloum) / Alagie Manjang and Lamine Drammeh (Niumi)

## 5.3 Project Impact

QUESTION	ANSWER
<b>STAKEHOLDERS</b>	
# of NGO staff involved in this project	02
# of Government Staff involved in this project	05
# of Volunteers involved in this project	05
# of Government staff involved in Flyways issues (AEWA in particular)	
<b>TARGET BENEFICIARIES</b>	
# of beneficiaries involved in this project	-
# of people involved in project workshops	-
# of people trained under this project	05 (through joint activities with another project)
<b>COMMUNICATION ISSUES</b>	
# of press articles featuring the project and/or related issues	-
# of TV/radio programmes featuring the project and/or related issues	-
# of publications produced under this project	
Estimated # of people reached by project communication efforts	About two hundred

## 6. Key Lessons Learned

Please report on any lessons learned during project preparation and implementation. Please focus on issues that may (a) help in the design of future projects, and/or (b) help in improving performance of the WOW project, and (c) contribute to best practice in wetlands management and conservation of migratory waterbirds.

## 7. Workplan for the Next Semi-annual Period

### 7.1 Updated overall project workplan

This project workplan below is based on the general outline of planned activities, revised to take into account the actual delay in the project start-up phase.

## 7.2 Workplan for next six months

Although preliminary planning details on some specific outputs were already discussed during the kick-off meeting taken together with the sites' responsible, the detailed overall project workplan (including the coming six months period) will be developed closely with the field activities coordinator and stakeholders at the real project inception. This could be held earlier in January 2008.

PLANNED ACTIVITY	Period JANUARY – JUNE 2008					
	January	February	March	April	May	June

## ANNEXES

In each report, please include the following information in the annexes:

- ✓ List of workshops (title, date, location, # of participants) held in the period covered by this report
- ✓ List of technical reports produced in the period covered by this report
- ✓ List of media communication (TV/radio/press) released in the period covered by this report
- ✓ List of publications produced in the period covered by this report
- ✓ Updated inventory of equipment purchased with project funds (please use the table provided – double-click on the file icon below, insert items, and the “save” the file)

Please send by email to the PCU:

- ✓ 1 photograph of the project team as a group, and passport size photo of project manager (if not already submitted)
- ✓ Photographs representing main aspects of project work, and illustrating project impact (i.e. of workshops, field research, education and awareness, ecotourism, volunteer groups. Please take pictures illustrating the impact of the project, i.e. of the situation “before”, “during” and “after” the project)
- ✓ general photographs illustrating the environment of the site
- ✓ Soft copy of technical reports produced by project
- ✓ Soft copy of workshop reports

Please keep records of (for later review/consultation by the PCU)

- ✓ Financial records (invoices, receipts) of all expenditure incurred with project funds
- ✓ Hard copy of press articles and publications produced by the project
- ✓ Copy of TV/radio programs
